

## Index to *Your Roots and Mine* by Millard Fillmore Willard Volume 1 Part 1

### Introduction:

The information in this index is presented verbatim based on the spelling in the document. There are misspellings that are not corrected. i.e. I think 'Squire', which I treat as a given name may have been Esquire.

It has been pointed out that Apt and P'Poole are not real names. But they are presented as found.

Obvious place names are put under Places.

Some entries, because of the wide usage of descriptions are organized by topics. These include Associations, Business, Education, Occupation, Places, Politics, Religion and Tracts.

There will be typing errors on my part.

[Page 4a Is a Repeat of Page 2a]

All single women with the exception of a classroom list are given as Miss. The given names of most married women do not appear unless an event is related to their father. In such cases they are listed by maiden and married name.
